How much of my time is required?

This is entirely up to you. You can give as little or as much time as you want.

Special Events Register

Event organisations need volunteers to help plan and run festivals, cultural and sporting events.

Volunteers have the opportunity to gain experience in event management, meet new people and watch the events first-hand.

Please contact The Neighbourhood Centre if you wish to be included in our Special Events Register, or to recruit Volunteers for your event.
